

strengthening families

G E O R G I A

To strengthen families in Georgia we all need to help our families have:

Parental Resilience

The ability to cope and bounce back from challenges

Social Connections

Positive friends, family, and communities who provide emotional support and assistance

Concrete Supports in Times of Need

Access to food, housing, health services, education, counseling, and other needed services

Knowledge of Parenting and Child Development

Information about raising children and what children can do at different age and stages

Social and Emotional Competence of Children

Children feel love, a sense of belonging, and get along with others

WHAT DO strong families LOOK LIKE?

Strong families work together, respect each other, provide encouragement, help others, laugh together, are good role models and make healthy choices.
